iBeacon Experience 2014

Glimworm Beacons
SANOMA
Appsterdam

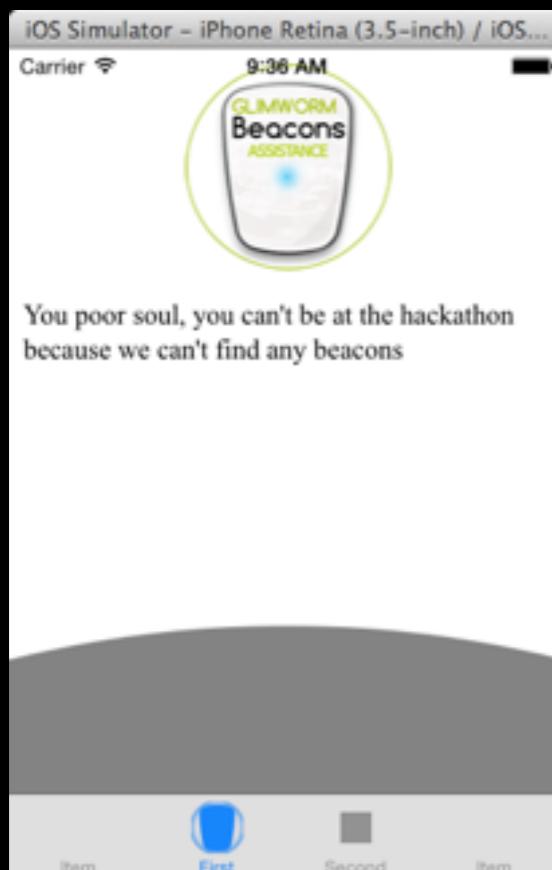

Sven-Erik Haitjema

Sven is a talented embedded systems engineer. He has built creative solutions for many different industries. As an Embedded Systems engineer he has worked on most modern day devices.

Although a strong theoretical background is important, Sven believes that

PCB mills and soldering irons, these are all the tools you need to succeed.

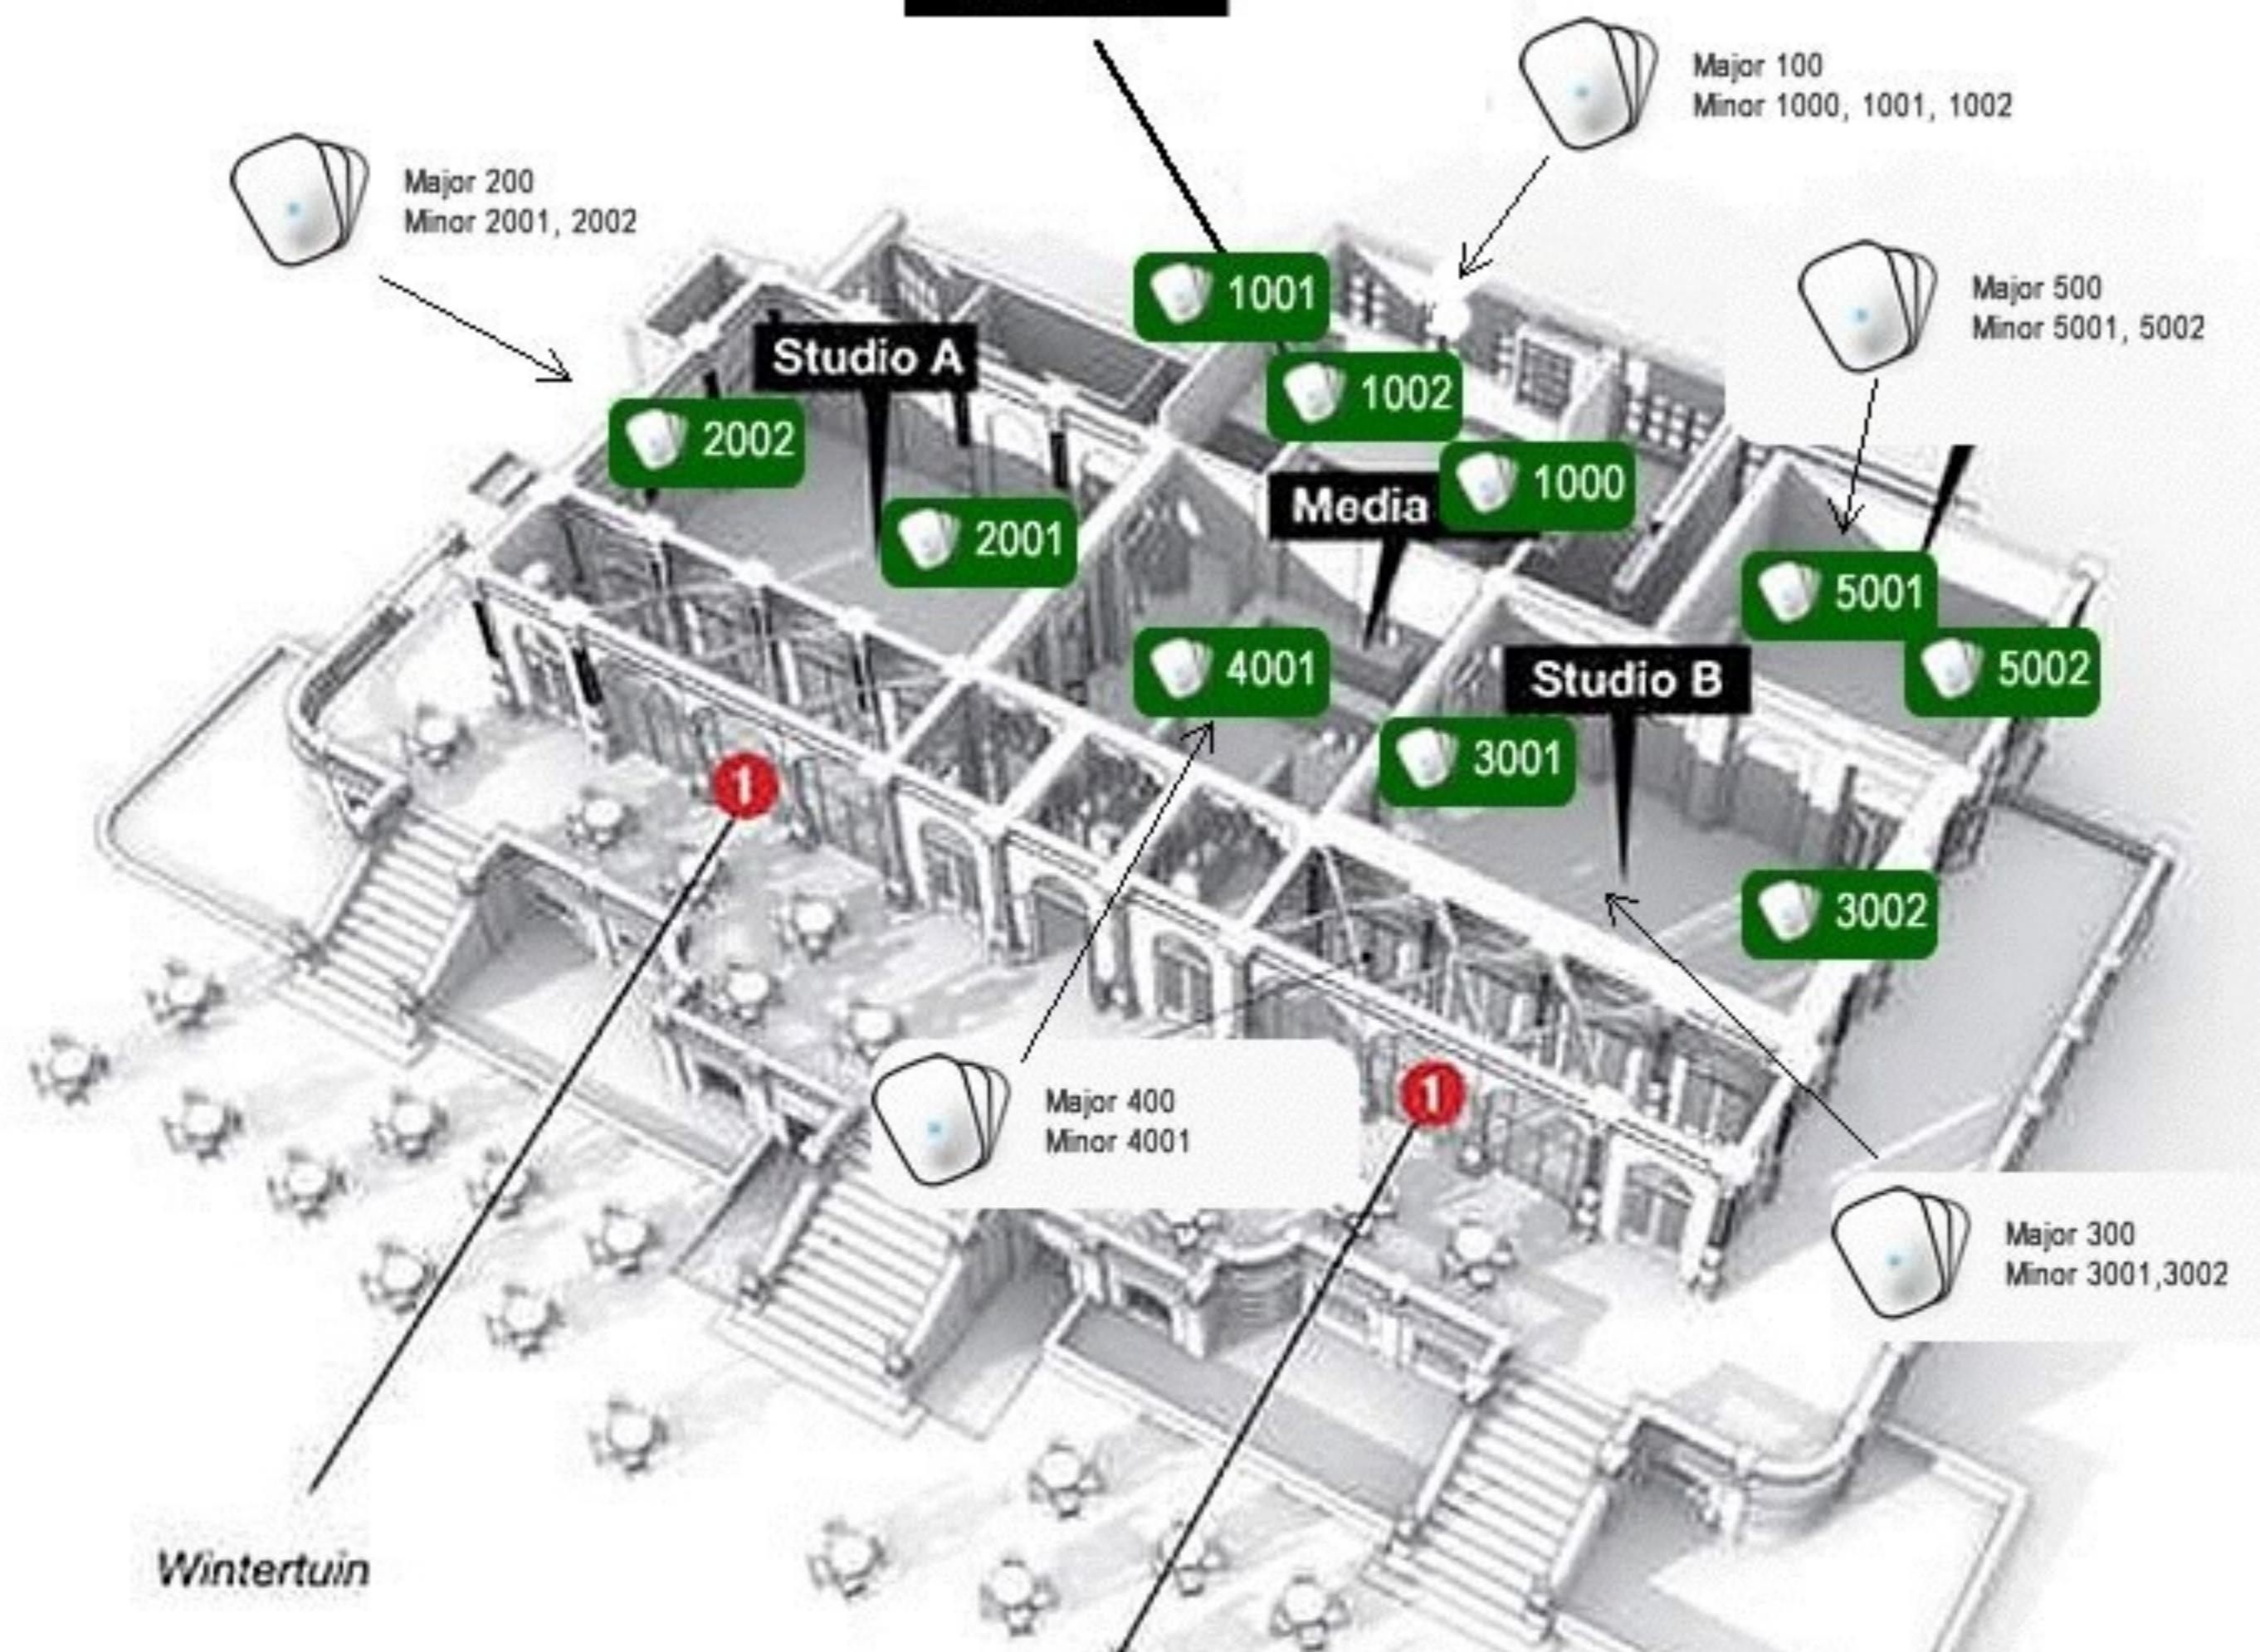

Jonathan Carter

Co-founder and Technical Director of Glimworm IT

After more than 10 years of innovative experience Jonathan was asked to join

CMG's prestigious Advanced Technology Department consulting for blue chip companies. Eventually, he
